Dear Mr. Royce:

We have received and reviewed your notice for road maintenance to your mining claims in Emery County and we have determined that the notice is incomplete. Our records indicate that there is a co-claimant, Tony Protopappas. If he is currently a co-claimant, he should be included on your submission. Also, we need your telephone number.

The claim names, their serial numbers, and the types of claims are also needed.

In addition, the legal description for the work being done on the west side of the San Rafael Reef was not included in your notice. We need the acreage to be disturbed by your proposed activity.

More detail is needed on removing the rock from the creek, as it could constitute streambed alteration and could require a permit from Utah Division of Water Rights. Is access needed to Wild Horse Spring for a particular reason?

If you have any questions, please feel free to contact Neil Simmons of my staff at 801-637-4584.

Sincerely yours,

PENELOPE J. SMALLEY
